

CONSUMER NUTRITION

Heinz® 180g Portion Soups are a convenient and nutritious meal accompaniment, ideal for healthcare menus

HEINZ® PORTION SOUPS

✓ Labour Saving | ✓ Quick & Convenient | ✓ Nutritious

Heinz® 180g Portion Soups have been developed in conjunction with dietitians and nutritionists for the general nutritional requirements of hospital patients.

Heinz® 180g Portion Soups have been specially formulated to contain:

- at least 5g of protein[^] per serving
- no more than 540mg sodium per serving

- ✓ **Variety of Flavours:** 9 great soup flavours available
- ✓ **For Meals Or Snacks:** Readily available for set menus or last minute meal options
- ✓ **Easy to Heat & Serve:** Convenient packaging format, simply heat in a hospital retherm unit or in a microwave (see reverse page for details)
- ✓ **Source of Protein:** An important nutrient for hospital menu planning
- ✓ **Food Safe:** High heat cooking process used in production, to enhance food safety
- ✓ **Sustainable:** Recyclable packaging
- ✓ **Long Shelf Life:** Shelf stable product with shelf life of 24 months when stored in cool dry conditions - does not require refrigeration if unopened

[^]excluding tomato soup

Heating Instructions

Retherm: Place portion control soup units on tray to flt Retherm unit. Peel back plastic film to 1cm before following Retherm manufacturer's heating instructions.

Microwave: Peel back plastic film to 1cm from edge to allow steam to escape. Place soup in a microwave (1000W) and heat on full power for 1 minute. Stand 1 minute then stir before serving.

Note: All appliances vary in performance. The cooking instructions are a guideline only.
