

Hertz Special Access to 20% off Electric Vehicles

To encourage Hertz customers to try their Electric Vehicle (EV) rental for perhaps the first time, Hertz are offering to provide your organisation with special access to their EV discount.

An automatic discount of 20% off your regular contract pricing, will apply for all EV rentals picking up between January 1st to March 31st 2023.

There is no special code to quote, as the discount will download automatically if you book with your normal Corporate Discount Program (CDP) Number.

Carbon Emissions Reporting

Hertz allow you to track your organisation's carbon emissions via their "MyHertzAnalytics" online reporting portal. Along with standard reporting analytics on your contract rental patterns, you can self-service reporting on total carbon emissions year to date and versus previous year, monthly carbon emissions, emissions by top vehicle type driven, green versus non green vehicle kilometers driven, plus much more.
