

Australia's Largest Family Owned & Operated Office Products Supplier

Our customers choose COS because we are committed to sustainability, giving back to local Australian communities, and continue to work to create positive change and make a difference in the lives of others. We stay true to our roots as a family owned and operated business which allows us to maintain our focus on building lasting connections, delivering exceptional customer service, and supporting our customers' CSR goals.

Boost the Aussie Economy

We are proudly Australian owned and operated for over 45 years, which means that every dollar you spend with COS goes straight back into boosting the Australian economy, supporting Australian jobs and local manufacturing.

Support Local Communities

The success of our business has allowed COS to give back over \$15 million to the community. This is achieved through the Lyone Foundation, where each year COS proudly supports underfunded Australian charities who are focused on human welfare.

Protect the Environment

COS is on track to meet our goal of zero emissions and 100 per cent renewable energy by 2023. By working with us you are giving significant support to the Government's commitment to achieve a 50 per cent renewable energy target by 2030.
